Roadworks information - M23 resurfacing Jan/Feb 2018

Dear Resident,

What's happening?

I am writing to advise that on behalf of Highways England, A-one+ will be carrying out some resurfacing work Northbound on the M23 between junctions 10 (Copthorne) and 9 (Gatwick)

Traffic management

In order to carry out these works as efficiently and as safely as possible, we will be using a **full road closure** of the London bound carriageway on the M23, between 10pm on Friday evening to 4am on Monday morning on the dates listed below. The Southbound carriageway is unaffected.

Unfortunately, weekend closures are unavoidable due to the nature and scale of the work involved.

Where the closure is taking place	Dates and timings
M23 junction 10 to junction 9 London bound	Friday 12 Jan 10pm – Monday 15 Jan 4am Friday 19 Jan 10pm – Monday 22 Jan 4am Friday 26 Jan 10pm – Monday 29 Jan 4am Friday 2 Feb 10pm – Monday 5 Feb 4am

Please be aware that these works have been carefully programmed but are subject to change due to weather conditions and unforeseen circumstances.

Diversion routes

Clearly signed diversion routes will be in place during all closures and we will be using local routes which are suitable for all types of vehicles.

We are working closely with partner organisations to minimise disruption for residents during our works but an increase in traffic along the diversion routes is unfortunately unavoidable.

How do I get to Gatwick airport?

Northbound traffic for Gatwick airport will exit the M23 at junction 10 and take the A2011 Crawley Avenue to the A23 London Road to reach Airport Way and the North Terminal roundabout to the South Terminal.

How do I get to the M25?

Northbound traffic for the M25 will exit at junction 10 and follow the A264 through Cophorne, turning left (northbound) onto the A22 at the traffic lights at Felbridge. Traffic will continue northbound on the A22 through New Chapel, Blindley Heath and South Godstone, reaching the M25 at the junction 6 Godstone interchange.

Are you working on the M23 Southbound?

The M23 Southbound carriageway will **not** be closed during these works and all Gatwick airport traffic will be able to exit at junction 9 or continue Southbound towards Brighton as usual.

Contact us

If you have any questions or if you'd like to know about the work taking place, please do not hesitate to contact us.
